

Regular use keeps toilet bowls sparkling white. Excellent for brightening colored toilet bowls. Harmless to plumbing and septic tanks.

Penetrates and dissolves soap scum, ground in dirt and grime, mineral deposits, and hard water stains. Cleans and shines without abrasive scouring action.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**BATHROOM/KITCHEN:** Great for cleaning and deodorizing all tile, stainless steel sinks, fiberglass shower walls/doors, basins, ceramic, quarry tile, tubs, grout, chrome fixtures, urinals and toilet bowls.

For shower stalls, starting at the bottom and working toward the top, simply apply foam on the surface and spread with brush, sponge or cloth. Let stand for 10 minutes. Scrub to loosen soils, stubborn soap scum, mineral deposits, and other accumulations, and then rinse with water.

Leaves everything bright and clean. Kills common odor-causing germs. Odors disappear instantly. Use full strength where odors are a problem.

**NOTE:** Some older tubs or sinks may be etched or discolored by use of this product. Test on small hidden area first. Do not use on decorative brass fixtures, polished aluminum, natural or synthetic marble. Do not place container on Formica.

**TOILET BOWLS:** Raise toilet seat. Direct the thick liquid formula inside bowl, including under the rim, on the sides, and into water. Wet thoroughly, allow to remain 10 minutes. Flush. Rinse bowl brush in fresh water after use.

**TO REMOVE STUBBORN STAINS:** For hard water stains, follow directions above. Then apply more product directly to stained areas. Let stand at least 15 minutes, brush and flush. Repeat if necessary.

**MILDEWSTATIC PERFORMANCE:** Will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces (as indicated above). Allow to dry on surface and repeat weekly or when mildew growth returns.

**USDA:** For use in USDA federally inspected meat and poultry plants as an acid cleaner in all departments. Before use of this compound, food products and packaging material must be removed from the room or carefully protected. After use of this compound, all surfaces in the area must be thoroughly rinsed with potable water.

### Precautionary Statements

#### Hazards to Humans and Domestic Animals

## DANGER

**CORROSIVE.** Contains phosphoric acid. Harmful or fatal if swallowed. Causes severe eye and skin damage. To protect eyes, wear goggles or face shield, to protect skin, wear rubber gloves when handling the concentrate. Wash contaminated clothing before reuse. Avoid contamination of food, water, or feed. Do not mix with chlorine-type bleaches or other chemicals.

**ENVIRONMENTAL HAZARDS:** Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

#### STORAGE AND DISPOSAL

This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

Do not contaminate water, food and feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL—Plastic Containers:** Triple Rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate or, if allowed by State and Local authorities, burn. If burned, stay out of smoke. **Fiber Drums with Liners:** Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner. **Metal Containers:** Triple Rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

(For 1 gallon or less) Do not reuse empty container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.
